Education

Anand Agricultural University ,Anand Gujarat	**Nov. 2020 - June 2024**
Bachelor of Technology - Agriculture Engineering	*CGPA:8.5/10.0*
J.P College Narayanpur Bhagalpur,Bihar	**2017-2019**
Intermediate of science (Bihar Board)	*Percentage:92%*

Internship Experience

Fronted Development Intern   **May − June 2023**
Code Alpha   *Remote*
- Developed responsive website using HTML, CSS, and JS like E-commerce Website,Digital clock, Netflix clone.
- Worked with a team and gained practical skills crucial for a career in web development
- Explored ways to visualize and send a daily report of test results to team members using HTML, Javascript, and CSS.

Projects

AI voice Assistant - Shofia | *PYTHON*   **March 2023**
- Defining Speak Function - This Function will program your Sophia to speak something.
- Used Python to design and integrate various functionalities like greeting,jokes, music play, conversation with Shofia,reminders,play anything directly from Youtube and Wikipedia,date and time.

Food-App | *REACTJS,JAVASCRIPT,TAILWINDCSS,FOODAPI*   **APRIL 2023**
- A scalable food ordering web app. Here we can see the food types provided by restaurants and also can filter them by using names in search box. Here, we have used jest for writing test code for this app. Also created a cart where one can add and remove items. For performance optimization we have different methods and also worked in the manner of life cycle methods.

Our News Duniya - The Headline Hunter | *HTML, CSS,JAVASCRIPT,REACJS,ML*   **February 2024**
- Created a personalized news hub with real-time search and customizable features. Experienced in API integration. Working on enhancing the reliability through the integration of machine learning techniques aimed at identifying and mitigating the spread of fake news across the platform.

E-Commerce | *HTML,CSS,JAVASCRIPT,REACTJS,TAILWINDCSS,REACT CAROUSEL*   **June 2023**
- Experienced in developing a responsive e-commerce platform using ReactJS, CSS, and Firebase. Specialized in creating a seamless online marketplace for clothing, groceries, and more.

ACHIEVEMENTS

- **ICPC [International Collegiate Programming Contest] AlgoQueens'2024** I got secured **Global Rank-159th** Under the 3k participants
- 3* at Codechef, a leading competitive programming platform, showcasing exceptional problem-solving skills and algorithmic proficiency with a highest rating of 1783.
- 3* at Leetcode which is one of the top sites for DSA. Having the highest Contest rating of 1810 and Top 7.75 percent
- 5* at Hackerrank in c++
- TechGig Geek Goddess'23 Finalist **Air-70th** ,Women Coding Hackthon
- Secured **AIR 25 and AIR 9, and AIR 282** in CodeChef Starters 106 (Div. 4), Starters 107 (Div. 4), Starters 107 (Div.3) among 35k participants
- Achieved an impressive global rank of 1072 out of 19k participants in Leetcode Biweekly Contest 108, and also I have demonstrated my coding prowess by securing the 612th rank in the LeetCode Weekly Coding Contest 382. by skillfully solving all 4 challenging problems within the given timeframe.
- Solved more than 500+ problems across platforms like Leetcode and geeksforgeeks.
- Attained an exceptional All India rank of 57 in the prestigious IIIT Allahabad,Central India's Biggest Coding Championship, under the 40k participaint

Technical Skills

Languages: C++, C, HTML, CSS, JavaScript, SQL, Python
Frameworks: ReactJs, Bootstrap, Tailwind CSS,React Icons,Json ,Redux,FireBase,Socketio,AWS,GitHub
Database : MySQL
Developer Tools:VS code, Replit, Pycharm,Github,WordPress
Computer Fundamentals : DBMS, OOPS, OS
